

## Care Instructions Lloyd Loom

Lloyd carries a 3 year residential warranty on the frames and the loom. With proper care, Lloyd Loom can last decades. We often sell replacement cushions for Lloyd Flanders pieces that are 20+ years old.

### Care of Lloyd Loom Painted Finishes

(As with all outdoor furniture, an annual cleaning is strongly recommended.)

1. Rinse the piece with a garden hose
2. Mix a mild soap like Ivory liquid in a bucket of warm water
3. Clean the piece with a sponge or a soft nylon bristle brush & rinse well
4. When the piece is dry, apply Armor All or Feron Guard (sold at Backyard Living) to all areas, particularly the arms and areas exposed to rain & sun. This keeps the finish flexible & helps prevent chipping.

If the finish becomes worn, scratched or chipped, clean & dry the area and cover with Lloyd/Flanders touch-up spray paint. If the painted frame becomes worn, scratched or chipped, lightly sand the area with fine grit sandpaper. Clean and dry the area, then cover with Lloyd/Flanders touch-up spray paint.

Always cover Lloyd Loom furniture in the winter (or place in storage).
